Dear D211 Career Expo Company,

Thank you for participating in the second annual District 211 Career Expo! As you may have noticed, our Career Expo is sectioned by the 16 nationally recognized College Major and Career Clusters. With your participation, we are able to help our high school students experience a broad-based career exploration continuum.

Sixteen College Majors and Career Clusters

By the time students leave high school, we want them to have explored multiple clusters via company visits, interactions with professionals, clubs and coursework. This exploration continues with a high school internship allowing for more in-depth career exposure. Providing opportunities, such as you have done during this Career Expo, allows students to graduate from high school with experiences to assist them in their future career-related decisions.

The time and energy you have put forward to interacting with our students is greatly appreciated. I look forward to our continued partnership next year as the D211 Career Expo continues to expand.

Sincerely,

Lisa Small, Associate Superintendent for Instruction
